G. B. SHORTRIDGE, Prop.  
GLENWOOD, KY.

### NEWS OF GENERAL INTEREST FROM THE WORLD AT LARGE.

#### THURSDAY.

Strained relations between the United States and Germany over submarine warfare apparently passed into history after Court von Bernstorff, the German Ambassador, informed Secretary Lansing in writing that prior to the sinking of the Arabic his Government had decided that its submarines should sink no more liners without warning. Washington views the outcome of the diplomatic exchanges as a personal triumph for President Wilson, and leaders at the capital, it is said, view his renomination and reelection as almost certain.

The Russians have been dislodged from the fortress of Lutsik by bayonet attacks. Another defeat compelled the Russian forces to retreat beyond the Styk River in Northeast Galicia. Along the rest of the front the Russians appear to be holding their own. According to Berlin official statements, in the four months' fighting between the Austro-Germans and the Russians 1,400,000 Russians have been accounted for. Of these 300,000 were killed or wounded, the rest being taken prisoners. This according to Berlin, means the obliteration of the entire Russian troops engaged in the beginning of the Teutonic offensive movement in Poland and Russia.

Again the big guns of the combatants have been doing most of the work on the western front, but apparently with little damage to either side, as is gathered from official reports. On the Austro-Italian front there have been artillery duels and here and there infantry attacks, but as on the line in France and Belgium no gains of importance are recorded.

Under a decision by Federal Judge Cochran yesterday, Kentucky railroads won a partial victory in their efforts to have the 1912 and 1913 franchise assessments cut down. The assessments equalized on a 60 per cent. basis are still higher than 1911.

Business conditions in Kentucky are picking up in a satisfactory manner. Tobacco has had a normal development and a big increase in business is shown in the coal fields, according to the monthly bulletin of the Federal Reserve Board.

The Cobb county, Georgia, grand jury yesterday began an investigation of the lynching of Leo M. Frank. In his charge Judge Patterson told the grand jury that the members were not required to become detectives.

Jesse Fulkerson entered a plea of guilty to an indictment charging man-

slaughter yesterday at the "possum hunter" trials in Hartford, and was given a sentence of from ten to fifteen years in the penitentiary.

Proceedings in the Taylor-Coleman election contest in Pike county were halted yesterday by the withdrawal of D. R. Coleman from the suit, giving the nomination to W. B. Taylor.

Mrs. Mamie Hamlin has been remanded to jail in order that "Aunt Polly" Davis' body may be exhumed and the exact cause of her death determined.

Miss Anna B. Heckman, 22 years old, an employee of a Louisville shirt factory, was drawn to her death when her hair was caught in a revolving shaft.

Former Gov. Patterson, of Tennessee, formally announced his candidacy for United States Senator to succeed Senator Lea.

#### FRIDAY.

Germany, according to Court von Bernstorff's instructions, offers to submit the claims for compensation arising out of the Lusitania and Arabic cases to The Hague for arbitration. It is stated in Berlin dispatches that the German Ambassador at Washington is clothed with authority to negotiate for a statement of the submarine question, and it is stated as the belief in Berlin that the proposals will provide for immunity from attack without warning for passenger steamers.

The Germans and Austrians, according to Berlin and Vienna, are continuing their progress against the Russians on the eastern line from Northwestern Russia through Eastern Galicia. In the northern sections of this line, except in the region of Riga, the Russians seemingly are falling back toward the new and less extended front which Grand Duke Nicholas has assigned to them for a possible stand. Just where this line is has not been made known.

On the Gallipoli Peninsula hard fighting is going on between the Turks and the Allies with both sides claiming victories. In the Dardanelles, where there have been no operations for some time, allied mine sweepers have been at work trying to clear the straits of Turkish mines, but according to Constantinople they were driven off by Turkish guns.

It is reported that the Germans Minister of Marine, Admiral von Tirpitz, will resign and will be succeeded by Admiral von Pohl.

Kings county, New York, Democrats have selected Representative John J. Fitzgerald as their candidate for Judge of the State Supreme Court, the acceptance of which would leave the way open for Representative Swager Sherry to

succeed to the chairmanship of the Committee on Appropriations. Cardinal Gibbons was the bearer of a message of hope for peace from the Pope to President Wilson, in the form of a cablegram praising the President's attitude and indicating a belief that the United States might be in an attitude to help in bringing the European war to an end.

James M. Elmore, of Louisville, who was reported to have drowned himself in St. Louis, has written to his father from Central America, according to his parent's statement. Some mysteriously delivered life insurance papers were involved in Elmore's supposed death.

The bodies of two Americans kidnapped by Mexican outlaws were found near Brownsville, Tex. United States soldiers are hard at work running down the bandits and in an encounter with a party, one of the Mexicans was killed.

Much progress is reported on construction of locks and dams on the Big Sandy and Kentucky Rivers, as well as much work on the Ohio, Mississippi and Cumberland Rivers, according to the report of the Chief of Army Engineers.

President Wilson made public letter he wrote to Secretaries Daniel and Garrison, asking for definite programmes for strengthening the national defenses in order that he might make recommendations to Congress.

On the return to Washington yesterday, United States Senator Ollie M. James expressed his gratification over the result of the Democratic convention and predicted Stanley's election by 40,000 majority.

Speaking at the Panama-Pacific Exposition yesterday, former President Taft warmly praised President Wilson and said he was to be congratulated on the outcome of his negotiations with Germany.

The foreign exchange market recovered rapidly yesterday from its recent depression and pounds sterling rose as fast as they had been declining, selling at the close around \$4.62.

Mike Wydlx, the first of the "possum hunters" on trial at Hartford, was convicted by a jury was given sentence of from one to two years in prison.

Judge Robinson, of Pike county, yesterday issued a statement urging a strengthening of the election bribery laws by the next Legislature.

Dr. Robert M. Bryan, of Lexington, noted veterinarian, committed suicide yesterday at his home, supposedly on account of ill health.

#### SATURDAY.

Berlin claims that Germany's third war loan has every indication of success. The Krupp family has subscribed \$10,000,000, and the Berlin municipality \$11,250,000. Many companies have subscribed several millions each.

The French, British and Belgian armies continue an insistent bombardment of German trenches in the west, but no great offensive has so far developed.

Cardinal Gibbons' interview with President Wilson is considered by the Vatican as the most important event in the campaign for peace, it is stated in Rome dispatches. In order to have the attitude of the Pope plainly set forth, the Holy See issued a formal statement to the effect that Cardinal Gibbons bore no special message from the Pope, but thoroughly knew the ideas of the pontiff.

With at least ten known Mexicans dead, and as many more bodies lying in the dense brush, and one American wounded, following a battle that raged along two miles of the Rio Grande River yesterday, the Texas border situation last night developed the most serious crisis of the present long series of disturbances.

Enoch Waits, arrested in Louisville on the charge of taking 709 volumes of Kentucky Reports from the State Library, reached Frankfort yesterday and was placed in jail in default of \$500 bond.

Six men and a girl were run over and injured by a wild steer that was chased ten miles through Louisville and finally lassoed by a negro on a pursuing wagon.

Women suffrage was endorsed by the Kentucky Conference of the Methodist Episcopal Church, in session at Covington.

#### SUNDAY.

The efforts of the Pope in behalf of peace continue to be an absorbing topic. The pontiff has made known his gratification at the cordiality marking the conversation between President Wilson and Cardinal Gibbons on Thursday, when the latter delivered a message to Mr. Wilson from the Pope relative to peace. The United States will make no further efforts to bring about peace in Europe until it has received information that its good offices would be welcomed, it is stated.

The sustained bombardment of the Germans lines in France and Flanders is taken to indicate an early general movement in the west by the Allies.

Enoch Waits, formerly a messenger in the State Library at Frankfort, was arrested here yesterday after a search of nine months and will be taken to Frankfort to answer a grand jury indictment which charges him with theft of several hundred Kentucky Reports from the library.

Secretary of the navy Daniels will consult with the President again next week on the question of national defense and will discuss with him an abstract of the forthcoming annual report of the Navy General Board.

Mexicans across the border fired about 100 shots at a United States army aeroplane yesterday near Brownsville, Tex., and also exchanged shots with soldiers doing guard duty on the Texas side.

### WOMEN OF KENTUCKY.

Newport, Ky.—"I have had a very good experience with 'Favorite Prescription.' I was dragged out and so severely sick with female trouble that I was down in bed and had to give up all work. I did not get any strength from anything. Then I read of what Dr. Pierce's Favorite Prescription was doing for others and my husband procured two bottles of 'Prescription' at the drug store. I got stronger at once and the use of two bottles brought me up from my sick bed and put me on my feet. I have had no return of the trouble since. This was some ten years ago."—MRS. NANCY SANDERS, 338 Central Ave.

Thousands of women right here in Kentucky who are now blessed with robust health cannot understand why thousands of other women continue to worry and suffer from ailments peculiar to women when they can obtain for a trifling sum Dr. Pierce's Favorite Prescription, which will surely and quickly banish all pain, distress and misery and restore the womanly functions to perfect health.

Young mothers who preserve the charms of face and figure in spite of an increasing family and the care of growing children are always to be envied. Doctor Pierce's Favorite Prescription gives the strength and health upon which happy motherhood depends. It practically does away with the pains of maternity. It enables the mother to nourish the infant life depending on her, and enjoy the hourly happiness of watching the development of a perfectly healthy child.

Sick headache, biliousness, costiveness, and all derangements of the liver, stomach and bowels are relieved, prevented, by Dr. Pierce's Pleasant Pellets.

Practically every able-bodied man in Hopkins county worked on the roads yesterday, when over twenty-nine miles of the highway were improved.

Ten more bodies were taken yesterday from the hull of the submarine F-4 at Honolulu and one of them was identified as that of a machinist's mate.

The Standard Oil Company of New Jersey, announced yesterday that it had adopted the eight-hour work day. About 25,000 employees will be affected.

The Ohio Circuit Court adjourned yesterday after sentencing Mike Wydlx and Jesse Fulkerson. The other "possum hunter" cases were continued.

Wallace Smothers, negro, who was convicted of assaulting a child in Clark county, was electrocuted yesterday at Eddyville.

It has been announced that A. O. Stanley will open his campaign for the governorship in Glasgow.

Methodists of Kentucky continued their conferences at Millersburg and Covington yesterday.

#### MONDAY.

The Allan Line steamer Hesperian, with 350 passengers and crew of 300 on board, bound from Liverpool for Montreal, was attacked without warning by a German submarine off the Irish coast Saturday night. Although the torpedo found its mark, the vessel remained afloat. The company stated last night that all on board were saved. Consul Frost at Queenstown, cabled the State Department at Washington that probably eight lives were lost, but that of the one or two Americans on board none was lost. The consul also stated that the Hesperian carried one 4.7-inch gun mounted and visible on her stern.

On all the fronts heavy fighting is in progress. The Germans and Austrians report further victories for their troops along the Eastern line. Paris tells of the silencing of German batteries at several points in the artillery duels that have been going on for days; the Indians claim further advances against the Austrians; the Turks assert that they have gained minor victories on the Gallipoli Peninsula, but in return have been bombarded from land and sea by the Allies near Seddul Bahr.

The First Lord of the British Admiralty, Arthur J. Balfour, in a long letter to the British press, after reviewing the German naval policy, asserts that "while the losses inflicted by the German submarines have been formidable, British merchant tonnage

### A CONFESSION

Hopes Her Statement, Made Public, will Help Other Women.

Hines, Ala.—"I must confess," says Mrs. Eula Mae Reid, of this place, "that Cardui, the woman's tonic, has done me a great deal of good."

Before I commenced using Cardui, I would spit up everything I ate. I had a tired, sleepy feeling all the time, and was irregular. I could hardly drag around, and would have severe headaches continuously.

Since taking Cardui, I have entirely quit spitting up what I eat. Everything seems to digest all right, and I have gained 10 pounds in weight."

If you are a victim of any of the numerous ills so common to your sex, it is wrong to suffer.

For half a century, Cardui has been relieving just such ills, as is proven by the thousands of letters, similar to the above, which pour into our office, year by year.

Cardui is successful because it is composed of ingredients which act specifically on the womanly constitution, and helps build the weakened organs back to health and strength.

Cardui has helped others, and will help you, too. Get a bottle today. You won't regret it. Your druggist sells it.

is at this moment greater than when the war began." A correspondent who has visited the grand fleet of Great Britain and the great naval bases during the past week describes the preparedness of the British warships for any struggle which may come with the German fleet, and quotes the officers as authority for saying that with every month the British fleet has grown stronger and is better organized to meet any emergency.

Democratic nomination in the recent primary election will hold a conference at the Galt House to-night for the purpose of deciding upon a date for formally opening the Democratic campaign in Kentucky. Some of the best-known and most prominent Democrats of the country are included in the list of speakers to aid in the Kentucky campaign.

A recent census shows that Porto Rico although an agricultural country is the most thickly populated in the world, and hope is expressed that the new homestead law will do something toward relieving the congestion. In the border warfare along the Rio Grande Texas rangers shot two more Mexicans. An army aeroplane fell near Brownsville, and Flight Lieut. Joseph C. Morrow, Jr., may be fatally injured.

Between forty and fifty persons were injured in an interurban electric car wreck near Sandusky, O. A limited train, crowded with excursionists, ran into a local car.

#### TUESDAY.

Revised figures give the number of missing on the liner Hesperian at twenty-six, including six second cabin passengers, six third cabin passengers, thirteen of the crew and Miss Carberry, of new Foundland, whose body has been found. The vessel plunged to the bottom seventy-eight miles southeast of Fastnet. Judgment is suspended in Washington pending receipt of complete information concerning the attack on the Hesperian, and officials at the Capitol are not disposed to question the good faith of Germany in recent assurances that her submarine commanders had been ordered to attack no more liners without warning.

Gen Carranza wired his Washington representative an emphatic denial that any Constitutional troops have been engaged in the attack on Americans along the Texas border. Reports from Gen. Funston have indicated that some of Gen. Carranza's troops participated in the disorders.

Arthur Van Winkle, John Cochran and Frank Gregory, boys were smothered in a corn bin of the grain elevator at Floyd and Bloom streets. Mill employees, firemen and police tried to resuscitate them with pulmonary.

The Democratic State campaign will be opened formally at Glasgow September 20, when the different nominees will deliver addresses.

A. O. Stanley, Democratic nominee for Governor, addressed a Labor day crowd of 10,000 at Phoenix Hill Park.

Revenge is sweet unless you get married for spite.

Honesty isn't the best policy when you are tempted to steal a kiss. The fact that a man is strong for personal liberty doesn't prevent his wife from handcuffing him whenever she feels like it.

Kentucky is sour because she is bamed for all the alleged Kentucky whiskey. That's nothing. Poor old Turkey is blamed for all the alleged Turkish cigarettes.

A woman always knows what she wants until she gets it.

The woman who goes around the house looking like a scarecrow can't blame her husband if he likes to rub her at a nice, clean, well-dressed girl when he is out of the house.

After a woman has raised a few children it makes her sick to see two young things making love.

Any princess can tell you that her fellow has forgotten more than her father ever knew.

If we ever do get around to telling the truth about everything most of the girls will have to carry signs bearing the inscription, "Fresh Paint!"

Us men like to knock the women because they gossip so much. But if you want to hear some real gossip just hang around a barroom where a bunch of men are gabbling.

They may not notice your virtues, but they never overlook your mistakes. Always remember that if all your prayers were answered you wouldn't want to go to heaven.

The world has moved so rapidly in the past century that we have made improvements on almost everything but kissing.

Somehow or other, when a man is talking over the telephone you can always tell when there is a woman at the other end of the wire.

By the way, what has become of the water wagon and them there New Year resolutions? 'Tis the last resolution left blooming along. All its friends and companions are withered and gone.

When a man is deeply in debt he knows that he could pull out all right if he could just borrow enough money to pay what he owes.

#### GINSENG RAISER.

Prof. Bristol Taylor, of Betze, one of our most progressive farmers, has the premier ginseng patch of Letcher co., and while he only has a quarter of an acre, yet this year he expects to dig at least 100 bushels of roots. With this year's crop he expects to finish up a total of forty bushels of berries in the last three years. The berries will be full ripe from September 1 to September 10, and he invites his friends to call at his place at that time and see them. He will have plenty of roots and perhaps some berries for sale. The State Experiment Station will send a representative here this fall to inspect his ginseng and a leading farm journal will have a man visit here and write up his ginseng farm, to let the outside world know just what can be done along this line. Mr. Taylor has been very attentive to his ginseng and has raised it to the highest standard of perfection. If possible, the editor of the News will also visit Mr. Taylor's place this fall and give an account of what he sees in the News.—Whitesburg Plant Kentucky News.

# The Highest Possible Award The Grand Prize for STAR Tobacco

LEADING BRAND OF THE WORLD

The Only Chewing Tobacco  
That Ever Won  
An International Exposition  
Grand Prize

THE one supreme chewing tobacco at the San Francisco Exposition was STAR. So decided the International Jury of Award, selected from all parts of the world.

As the result of that decision, STAR received The Grand Prize—the highest award that the International Jury could give.

The same "superior quality" that won the Grand Prize for STAR, had won for it the highest regard of chewers for half a century.

STAR'S extra quality of mellow chewing leaf, STAR'S absolute cleanliness of manufacture, STAR'S full "one pound to the plug" weight, and reasonable price, long ago made it the world's largest selling brand of plug chewing tobacco.

## WHY YOU ARE NERVOUS

The nervous system is the alarm system of the human body.

In perfect health we hardly realize that we have a network of nerves, but when health is ebbing, when strength is declining, the same nervous system gives the alarm in headaches, tiredness, dreamful sleep, irritability and unless corrected, leads straight to a breakdown.

To correct nervousness, Scott's Emulsion is exactly what you should take; its rich nutrient gets into the blood and rich blood feeds the tiny nerve-cells while the whole system responds to its refreshing tonic force. It is free from alcohol. Scott & Bowne, Bloomfield, N. J.

## A MONTHLY ROSE.

## AUTO BLOWS UP.

Winchester, Ky., Aug. 28.—Several persons narrowly escaped death or serious injury when an automobile owned by Mr. O. C. Billiter blew up near the L. & N. railroad crossing on North Main street. The front end of the car is a complete wreck, the machinery having been blown to atoms. Several pieces of iron were blow as far as the Union Station, more than a block from the scene of the accident, and iron is said to have fallen like rain on the roofs of a number of nearby grocery stores.

One large piece, a half of the fly wheel on the engine, was blown across the street and struck the brick wall of Mr. Dove Parker's home, making a large hole in it. Mrs. Parker was sitting by the window not more than a foot and a half from where the metal, weighing about twenty pounds, struck. She was badly frightened, but not injured.

Mr. Billiter is engineer at the county rock crusher, and was returning home from work. He was accompanied by his wife, who sat beside him in the car. When they came near the L. & N. crossing, Mr. Billiter noticed that his engine was working badly, and got out to see what the trouble was. He had been working with the car only a few minutes when the engine suddenly began making a loud rattling noise and the explosion followed. The fact that the mass of material was blown downward probably saved the lives of Mr. Billiter and his wife. They were enveloped in a cloud of dust and dirt and both were stunned by the shock.

Mr. W. T. Gilbert, who conducts a grocery store nearby, ran out and helped Mrs. Billiter into the store. She was hardly able to speak from fright, but was found to be uninjured except for slight burns about the eyes. Mr. Billiter was not hurt. Several persons in the neighborhood were startled by the flying fragments of iron.

The cause of the explosion is unknown, but it is supposed that a quantity of gasoline accumulated under the hood and became ignited from the sparks of the engine. A witness says he saw a sheet of flame and smoke shoot out from the car as he heard the crash. The wrecked machine was taken in town and rolled to the Highland garage.

## TRAIN WAITS WHILE CONSTABLE TAKES PRISONER.

The Greenup Ky. Republican says:

"Constable Joe Eggers in capturing John Wilburn last Monday, charged with carrying a slug shot, assault on public highway and indicted for gambling, had about as exciting a chase as he ever cares to take again.

"Eggers got wind that Wilburn was in Lewis-co., way in the back part toward the Rowan-co. line, and according to his story, about as rough a country as he ever traveled in.

"He arrested his man and was coming to Greenup with him on one of the F. F. V. Limited passenger trains of the Kinnikinnick branch of the C. & O. Wilburn wanted a drink of water so the constable let him go to the end of the car to the water tank to get it. He got his drink and stepped out on the platform of the car, talking to other passengers. Joe's eyes glanced out of the car window to take a peep at the beautiful scenery along the route, and behold he saw his prisoner beating it up a mountainside. Joe ran to the door and did what his prisoner had just done—jumped right out, too—(Mind you the F. F. V. was running)—and caught the gentleman nearly at the top of the mountain.

"The train crew saw that Eggers had his man bested, stopped the train and waited their return.

"Wilburn was landed in jail here Tuesday night to await his trial and was arraigned before Judge Nichols Tuesday and pleaded guilty to the charges. He was bound over to the Circuit court and as he couldn't give bond, awaits trial in the county jail.

## PARENTS APPLY RATTAN BY ORDER OF THE COURT.

The wholesome treatment prescribed by the Fayette County Judge is recommended to parents of unruly boys in this section. Its prompt use might save many a boy from the Reform School and the State much money.

Lexington, Ky., Aug. 27.—The rattan or the Reform School was the choice given to-day by County Judge F. A. Bullock to the parents for a number of boys who were arraigned on various charges of bad behavior in the Juvenile Court. In many cases both the accused and their parents accepted the former horn of the dilemma, and as a result a back cell at the police station later resounded with the yells of the culprits, and the swish of the rattan, well laid on by the parents in compliance with the mandate of the law.

Said Judge Bullock in announcing his decision: "I don't want to send these children to the Reform School and I do not want to hold them at the Detention Home. Proper home correction is what is most needed. Now, if you fathers and mothers will take them down to the privacy of the police station and give them a powerful dressing down as the beginning of needed home discipline these charges will be filed away."

Rev. H. M. (Bud) Smith, pastor of the M. E. Church, South, at Montgomery, W. Va., went to Reevesville, last Sunday and dedicated a church before going to Clarksburg, W. Va., to attend the annual conference.

Clarence Callahan, aged thirteen years son of Mack Callahan of Russell, attempted to jump a train in the Russell yards and fell under the car wheel. Both of his legs were cut off about the knees. He condition was very grave this afternoon.

SCIOTO FARM LAND COMPANY.

3-27th, 16th St., Ashland, Ky.

LETCHER COUNTY  
AND WHITESBURG.What is Happening in this  
Rich Coal Territory  
of Kentucky.

Whitesburg, Ky., Sept. 7.—The Letcher Circuit court closes here during the past week an important four weeks term during which time a number of important cases were tried out. However, a number were passed until the next term and Judge James M. Robinson announced not ready in several of them making it imperative that they be passed. Before Judge Robinson left here he announced that early in November he would call a special session of the circuit court in which he would make an effort to rid the docket of its congested condition. At the term just closed Judge Robinson hoped that he could clear the docket.

The death here last week of Attorney John W. Hale senior member of the law firm of Hale & Newman at his home on College Hill cast a gloom of sorrow over Whitesburg and Letcher county. The death of attorney Hale came after nearly a month illness of typhoid fever.

For years M. Hale was Republican Chairman of Letcher county, was magistrate in the Whitesburg precinct, and was U. S. Commissioner for about 6 years, all of which he held with much honor and distinction. He leaves a wife and five grown children here to mourn his great loss. His brothers are: Elijah B. Nat and Willie Hale. Only one sister, Mrs. Elin Cook, survives. The Masons of which he was a worthy member took charge of the remains which were interred in the family burying ground on Sandlick Tuesday.

The Letcher Fiscal Court including County Judge Henry T. Day, Magistrate W. S. Collins, W. M. Blair, J. C. Day and others returned from Terre Haute, Ind., where they purchased quite a lot of modern and improved road building machinery, including crushers and road drags, with material for a bridge at mouth of Cally, and about three car loads of culverts for use in the country. The work of road building is to be started within the next few weeks, Letcher county is determined to come to the front so far as road building is concerned.

County Judge Day has announced that contracts for the construction of the several miles of modern roadway to be built out from Whitesburg will be let tomorrow, and if they get a favorable bid the construction work will start as soon as men and supplies can be assembled on the ground. County Judge Day as well as every member of the Fiscal Court are good roads enthusiasts, and will continue faithfully on their good work until some result is attained.

Colminating in a romance which began several years ago in a business college in Valparaiso, Ind., Miss Majorie Bentley aged 21 pretty daughter of county Clerk R. B. Bentley was married in her home here to Mr. Wesley Milford ready aged 22 of Wellington, Kan. The Rev. Hutson officiating. Only a few invited friends were present. The wedding came as a great surprise to the friends of the young couple. Immediately after the ceremony the happy couple left for Wellington, Kan., where they will make their future home.

One of the most successful Teachers Institute held in Letcher county in years came to a close Friday, in which all the teachers of the county took an active part, during which time great interest was manifested. The instructor, Prof. W. B. Ward, of the Paintsville city schools is the greatest educator in the mountains and is doing more to promote educational work than any other man in Eastern Kentucky. An awakening in the educational affairs in Letcher county is promised by every teacher. It is believed that great benefit will result.

The "soft shell" baptists held Friday, Saturday and Sunday their annual association at the Sandlick church near Whitesburg during which a large number of visiting ministers from all over the mountains, including Elds. Davis Maggard, Ira Combs, J. H. Riggs and others were present. Good order prevailed throughout the services. The next annual association will be held with a church in Knott.

The South East Coal Company is making great progress in their new development at Seco on Boone's Fork in this county and will soon be ready to begin mining on a large scale. Within 60 days, at least, everything will be in readiness to begin shipping coal. A good size power station is being put in order from which the new operation will receive its supply. While a large number of buildings are constantly going up. The big new commissary building is in readiness to be occupied. The office is greatly needed, and its establishment would greatly facilitate the development work now being carried on.

News by telephone from Beaver Creek orth of here is to the effect that Sol Fleming a "soft shell" baptist minister and deputy sheriff shot and fatally wounded Sid Tackett a peace officer late Saturday afternoon, and old grudge had existed for sometime. Tackett is not expected to survive.

The Cumberland Telephone and Telegraph Co. with main offices in Louisville have completed arrangements for the extensions of their line from Hazard, Perry county via Whitesburg, Fleming and McRobert to Jenkins forming a most important connection connecting the great coal fields of Letcher County with Louisville and other points in the state. Already the telephone lines in this section have been greatly improved of late, the Whitesburg, Telephone Co. making a number of extensions and improvements lately. Local lines have been built between Whitesburg and Hazard 42 miles. Almost a net work of phone lines cover the mountain counties reaching into almost every community.

The news of the death of Mrs. W. M. Ison the venerable mother of Sam T. Ison near Shelby Gap on the Letcher-Pike border caused much sorrow here where she was well and favorably known. Mrs. Ison was a christian woman, being a member of the Baptist Church for a number of years. She leaves a number of grown children and many descendants, besides a husband to mourn her great loss.

Mr. W. G. Sellers of Hazard representing W. T. Sistrunk & Co., of Lexington was here calling on Whitesburg merchants.

Mr. J. G. Eversole of London was here during the week representing the Beaknap Hardware Co., of Louisville.

S. F. Ownley of Owingsville, and R. M. Fennell of Lexington were each here during the week perambulating.

Mrs. Charles Firth of Covington was here during the week and addressed the Teachers' institute on woman suffrage. Much interest was manifest.

Mr. W. M. Morgan of Hugo, Okla., is here and in the county visiting his hundreds of loyal friends. He will remain for sometime.

W. B. Webb returned from Jackson and other points outside.

Mr. and Mrs. David Hall of Hamden, Ky., were welcome guests of Mr. and Mrs. Hugh Combe.

Superintendent W. M. Whisman, of the Lexington & Eastern was down the line as far as Hazard yesterday.

J. H. O'Rear leading politician and lumberman of Gray City was in Whitesburg the later part of the week.

Mr. W. A. Harvy of Norton, Va. was a business visitor here this week.

Immediately after closing the Teachers' institute Prof. W. B. Ward left for Paintsville. He leaves with the hearty good wishes of every one of Letcher county's teachers.

M. F. S. Kitchen Huntington business man was in the city from Friday until Monday.

Messrs. J. L. Creech, Williamsburg, and J. S. Pullen of Richmond, the later of the Eastern Kentucky State Normal were in town on business the first of the week.

Mr. H. C. Keller of Louisville was in the city Monday.

Mr. George H. Weisheimer, of Scranton, Pa., outside business man spent several days in Whitesburg this week. He expressed himself as well pleased with our rugged, beautiful mountain scenery "The real Switzerland of America", as he expressed it.

Attorney David Hays will leave this week for a business mission out in the state.

Bryce Cundiff, C. C. Cose, W. F. W. elch and Henry Lemaster all joyfully hustling traveling men of Jackson were "drumming" our merchants here this week.

Robert L. Talcott, Louisville and N. J. Raybold of Lexington were registered here during the week.

Mr. R. W. Seeley was a St. Louis business man in Whitesburg this week.

## A HEAVY BURDEN

A Bad Back Makes Life Miserable  
For Many Louisa People

A bad back is heavy burden.  
A burden at night when bedtime comes.

Just as bothersome in the morning. Ever try Doan's for kidney backache. Know they are for kidney backache and for other kidney ills?

If you don't some Louisa people do. Read a case of it:

Mrs. T. V. Heaton, Louisa, says: "One of my family suffered terribly from kidney disease. The kidney action was too frequent and caused great annoyance. Doan's Kidney Pills, obtained at the Louisa Drug Store, gave prompt relief and continued use brought a cure that has proven permanent. I willingly confirm the statement I gave in 1908, recommending Doan's Kidney Pills."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. J. Heaton recommends. Foster-Milburn Co., Props., Buffalo N. Y.

On the eve of the annual sessions of the West Virginia conference of the M. E. Church, south which will be held at Clarksburg beginning next subjects of speculation under discussion is Southern Methodist circles in Huntington is the future of Dr. U. V. W. Darlington, now presiding elder of the Ashland district and financial secretary of education. It is felt certain that Dr. Darlington will not be asked to serve another year, in the arduous Kentucky district. It has been rumored that he would be returned to the position of financial secretary and permitted to devote his whole time to the work of financing Morris Harvey College, for which is hoped to raise an endowment fund of \$100,000. It has also been suggested that he might be made presiding elder of Huntington district.

There is practically no speculation as to the pastoral assignment here as to the return of Dr. Walker and Rev. J. W. Crites to Johnson Memorial and Emanuel is considered certain—Huntington Herald Dispatch.

## Proper Way to Walk.

In walking, your feet should point straight ahead and come down flat, heel first. Writers who advise that the ball of the foot should touch the ground first, in common with the ealthenics instructor at school who likely as not advises the same thing do not know anything about the practical side of walking. The former doubtless have in mind the ballroom, and the latter the gymnasium. On a long walk you will naturally fall into the proper way of handling your feet. Let your arms swing naturally also, and for their benefit carry a stout stick—not a stout staff, which is too long and awkward. Keep this stick moving, in one hand or the other, and it will exercise your arms better than the mere act of swinging them will. Keep the shoulders down, the chest up and the body erect. The right posture of the body is as important a factor while walking as it is in the schoolroom.—From "The Boy Scout's Hike Book."

## Just Looking.

When a man looks at a woman it is because he wants to look at her; when a woman looks at a man it is because she wants him to look at her.—London Tatler.

## Sometimes.

#### WHITEHOUSE.

There were six or seven hundred  
people here Sunday to see the body of  
Ballard Osborn placed in his new  
mausoleum. No child ever lived here  
that had the friends Ballard did. The  
old and the young melted in tears for  
the bereaved family and showed them  
their love for them and hope some day  
that the father and mother will feel re-  
lieved of their sorrows. In a few years

## THE HOME CIRCLE AND ITS INTERESTS.

### Column Dedicated to Tired Mothers as They Join The Home Circle at Evening Tide.

What the harvest shall be will depend mainly on what we plant and sow.

A happy home is within the reach of every family if they only choose to make it so.

Children laughter is the echo of heavenly music.

Stirring up bitterness in a neighbor's heart is never profitable or pleasant.

Young man, remember this: All the friends who can gather about you can never make your life a success; neither can your enemies make it a failure.

Vidly the mother in the angel spirit of home. Her tender yearnings over the cradle of her infant babe, her guardian care of the child and youth, and her companionship with the man of her love and choice, make her the personal center of the interest, the hopes and the happiness of the family.

Too little attention is paid to the small courtesies of the home. Fathers, mothers, grandparents and children should remember the happiness is derived from the little kindly acts and words of each member of a family. One alone cannot make a cheerful home if the rest made no effort.

When once a home is regarded as only a place to eat, drink and sleep in, the work is begun that ends in gambling-house and degradation. Young people must have fun and relaxation somewhere; if they do not find it at home they will seek it at other and less profitable places.

Mothers, how do you rule? By love or the much and often unjustly used rod? Is it love or rule so that the child is obedient through fear of you? Be more patient. Give a word of commendation, kindly little smile when your boy does the best he can. He will remember it in after years and sitting by his own fireside, with his little ones around him, will tell them of his mother, who was ever ready to smile away the clouds and make his little heart swell with gladness.

How many shiftless idlers there are sighing, "If I had but a thousand a year what wonders would I do." There are other things which they need far worse than a "thousand a year;" it is ambition, stir around, application, push and wise economy. Without these capital would only make them spend-thrifts. With or without capital, all who deserve it can and do win wealth.

and character. They are within the reach of all. A great majority of our most successful men started in life and business with only the prospect of a "thousand a year."

Take as much care of your money as you can if your means limited, but don't try to save your smiles or kind words. The more liberal you are with these the more you will have.

It takes very little brains and much less piety to constitute a first class grumbler.

#### My Son.

I that had yearned for youth, my own, again,

And mourned the worsted hour of youth, again,

I that had sighed for spring, for summer, when

The snows of winter covered all my ways—

I that had prayed for years, for only one,

Have found that prayer answered in my son.

He is myself again, with hopes of old,

With old temptations and with old desires;

He is myself again—the clay to mold

Into the man, and all the man aspires.

Who says that youth returns to us no more?

He is as I was in the days of yore.

In my own days, in my own days of youth,

Ah, how I wished a comrade and a friend!

To help me keep the quiet path of truth.

And through temptation my own feet attend.

So shall I journey onward by his side

His father—yet, his comrade and his guide.

I that have failed shall shape success

In him,

I that have wandered point the proper path.

A signal when the signal lights are dim,

A roof to fend him from the storms of wrath—

So we shall journey upward, I and he,

And he shall be the man I mean to be.

—Douglas Malloch in American Lumberman.

Many a man who prides himself on being self made is simply a product of his good wife.

To spoil your life find fault and keep finding fault.

#### GAINS STRENGTH.

Frankfort, Ky., Aug. 30.—Mrs. Cora Wilson Stewart, chairman of the Kentucky Illiteracy Commission, said today that the speaking campaign in behalf of the eradication of illiteracy will be extended to the middle of October at the request of county commissions, which asked for October dates as the most available.

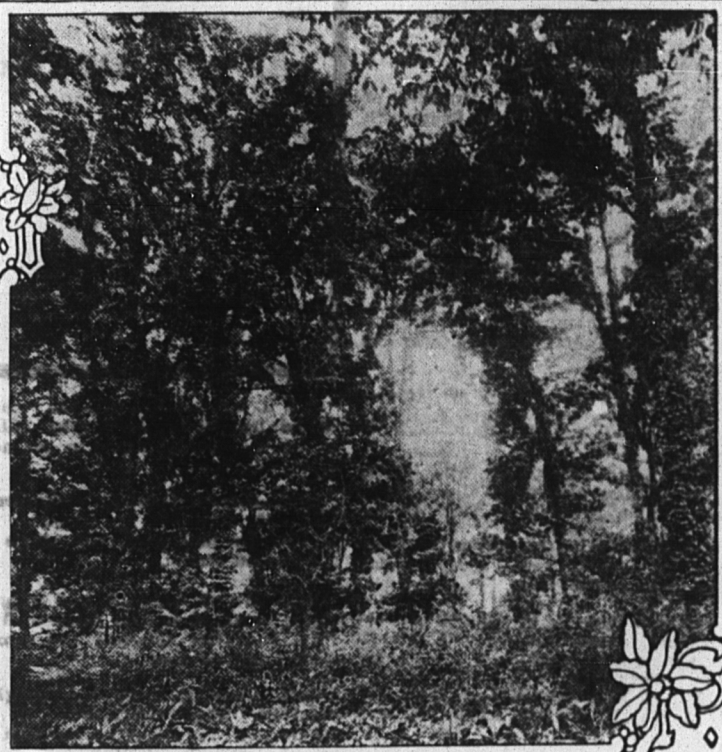

The campaign, which started in August in a few counties, gained momentum through August, covering up to September 2—thirty-three counties since August 2, and the campaign will reach its maximum during September, as the August primary released a num-

The telephone connection between the fire tower and the headquarters of men who may be sent to extinguish a fire which has been discovered is an essential feature. The telephone instrument is especially made for this field service and may be securely locked in a metal box.

#### LOCUST BORER.

Does Large Amount of Damage in State—A Method of Control Sought.

A feature of forest protection which has been brought to the attention of the state forester's office is the locust borer, an insect which attacks locust trees. The black locust has been extensively planted in Kentucky for posts, and there is hardly a farm in Kentucky that does not utilize to a more or less extent black locust in this way. Several farm owners have planted extensive locust groves for the purpose of having posts available when needed. Also the railroads and mining companies have planted black

locust for ties and other purposes on account of its durability in contact with the ground. Black locust is also extensively planted to regenerate worn-out soil, since it is a legume, as clover or cowpeas. The locust borer has recently done a large amount of damage in Kentucky. In some instances it has destroyed whole groves. In order to combat this the entomologist of the Kentucky experiment station, in co-operation with the state forester, has been conducting a study of the locust borer through the state. The damage from this insect has been repeatedly called to the attention of the state forester and is not confined to any particular section of the state, but is pretty widely scattered.

### BIGGEST SALE EVER IN BLAINE, KY.

We Want to Re-Build with Glass Front in ur Store.

We have a fine big bill of chums for sale. Five big loads of chums. 60 five-gallon jugs; 20 gallon chums; 10 gal. 3 gal. 2 gal. and one gallon chums. We sell for 10c gallon. 5 doz. eggs pay for 10 gal. chum. 16 lbs. young chickens pay for 20 gallon chum. 10 doz. eggs pay for 20 gal. chum. With every jug, every 20 gal. 10 gal. 3 gal. or 2 gallon chum we give free can 16 oz. Snow King Baking Powder. We sell 4 cans Snow King for 25c, if paid in eggs. We give 2 1/2 lbs. No. 6 sugar for a doz. eggs; 4 bars lenox soap for a doz. eggs or 4 star soap; 25 lbs. salt for a dozen; 24 lb. sack family flour for 3 1/2 doz. eggs, only 42 eggs. We hammer the price down. 3 plugs Brown Mule tobacco, 25c; Red Elephant 6 plugs 25c; Yaller Tag twist, 12 for 50c.

We have bought 400 cans lard since Jan. 10, 1915. We bought over same flour. We sell any dealer two cases baking powder cheaper than he can buy elsewhere. \$3.25 cash at our big store. We bought 20-case lot. We sell any little store, Brown Mule tobacco—10 lb. box \$3.15. We got 18,000 lbs. high grade coffee on hands. Other dealers sell for 20c, our sale price 15c; best peaberry coffee on the market. Other dealers sell 25c, our sale price 20c. We buy the first crop, other dealers buy the second crop. They make 50 per cent and sell about 300 lbs. year. We buy of big dealers, make 10 per cent and sell 10,000 lbs. high grade coffee every year. Why don't others buy heavy like us? One reason, they haven't got the backing. "It takes money to make the mare go." We make small per cent and turn the dollar 50 times a year. Some dealers say if Uncle Sam don't stop the parcel post it will break up every dry goods store in Blaine town. What's the use of worrying about the parcel post. They are afraid of rest and vest. We salute Uncle Sam. Send five hundred thousand more catalogs. It don't hurt the grocer and hardware trade. We are not afraid of rest and vest. Our trade has increased 50 per cent every year. We made \$4,000.00 clear in last two years. We can show the other dealers how to make money drive the bees out and in other gums, for enough money. Seems like we are in the way of many dealers. They say we buy too big bills, they say we haul too bigger loads, they say the people trade too much with us, they say we got everything going our way, they say we make too much money. They say we help our country 10,000 every year. They say they can't do without us. The people go 15 miles to buy our coffee. They say we put everybody out on the farms.

This sale begins Sept. 4, 1915 and lasts thirty days. 1800 lbs. tobacco for sale, 14c lb. Big stock flour, high patent. We sell 15 or 20 cheaper than any dealer. Buy your coffee and flour while the price is down. When they ship out of the U. S. up it goes. We pay cash for eggs. We are the biggest dealers in groceries. We are the biggest depositors at the Bank of Blaine, Ky. It takes a ten mule team to haul our loads every week from Webbville and Louisa, Ky. We want to buy a 40-horse power auto truck to haul freight in the spring. We got the money to pay for one and business goes right on. We are not afraid of rest and vest. We have got the money, the energy, the nerve, we move around the world. Come one, come all. We sell strict for cash and produce. The only way to stay in business.

## Fine Rich Farms

80 acres in Franklin county, Illinois, is black and level; good house, fine barn, about 4 acres fruit, fine water, not an acre of waste land; 1 1/2 miles from station; good roads and the best of markets with railroad connection with St. Louis. This must sell at once as owner has other business. Land all round this farm brings from \$100 to \$150 per acre and he only wants \$5000 for this one—\$3000 cash, balance easy payments. This farm rents for \$800 per year but must sell at once.

I still have plenty of Ohio farms for sale and can suit most any man. I make lots of deals and get all for sale I can handle and sell them at a small commission. I can save you money and locate you in the best part of the country.

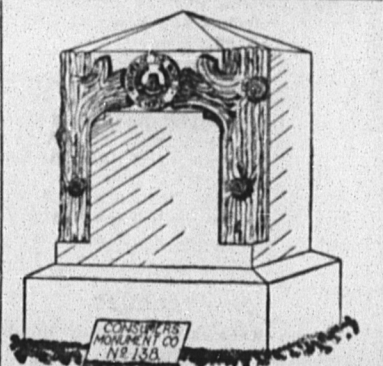

Another Bargain—43 acres, level and rolling, some hill; house and barn, other outbuildings, on fine pike, price \$1000—\$600 cash, balance payments.

I have plenty of nice large farms and most of them on good pikes. Write me when to meet you or tell me what you want and I will look it up for you. Write four days before you start; I am 7 miles from Scottdale.

## PIKE COUNTY NEWS

### OPENING OF PUBLIC SCHOOL DELAYED.

The opening of the Pikeville graded and high-school, which was to have taken place last Monday in the new school building just finished, did not take place, as preparations could not be completed in time. However, the building is now in readiness for a definite opening next Monday morning with a full faculty of teachers, and doubtless a large army of students.

A teacher for the high-school department has not yet been chosen to succeed Prof. Rush Deskins, who resigned the appointment to go to Lexington to enter college; but a capable teacher will be chosen for this department, which will open a little later.

### YOUTHFUL BURGLARS

Three young men whose ages range from 16 to 21, were arrested at Shelbyville last Saturday following the confession of a fourth upon a charge of having broken into five cars on the C. & O. yard there in search of whiskey and tobacco. Seven cars in all were broken into, according to employees of the company, in July, and the confession accounts for five of them.

According to the youth who confessed to have participated in the crime, the quartet learned that a car load of whiskey consigned to Spartsburg South Carolina, was lying over night on the Shelby yard, and they determined to have some of it. He says they met by appointment after night on the yard and as no one would volunteer to undertake the job, two of their number were selected by lot, and that a deck of cards was used for the purpose. They entered five cars successively, according to the youth, but failed to find the right car laden with whiskey. Meantime the other boys stood guard over the operation. Finding the search unprofitable, they left the yard fearing detection taking with them only a few peaches as booty.

The attempt was discovered and reported to the authorities at Pikeville the next morning, but no trace of the would-be robbers could be found. Officials kept a constant search for information that would lead to the conviction of the right parties; but without success until last Saturday. It is said Lewis Sowards, a resident of Shelbyville, by some means discovered who the youthful robbers were, and on his recommendation one of their number came to Pikeville and made a complete confession under promise of immunity for himself. The other three boys were locked and taken into custody a few hours after the warrant for their arrest had been placed in the hands of deputy Sheriffs W. E. Mullins and James McCoy. All three were placed in the Pikeville jail to await a hearing of their case.

They were released under bond of \$100 each for Judge Stallard's court to appear in response to whatever charge the grand jury may find against them next week.

### FIDDLER'S CONTEST.

The old time fiddlers of Pikeville and Prestonsburg gathered at the court house last Saturday evening for a musical contest under the auspices of a Prestonsburg musical concern. Music of other kinds, including the band, was also heard during the evening's entertainment. A great variety of fiddling was displayed by the skilled performers. But after hearing the complete variety the judges selected to try the case awarded the prize of \$20. to Mr. Tom Burchett of Prestonsburg.

### METHODISTS WILL PREVAIL, SAYS REYNOLDS.

Worship at the First M. E. Church at Pikeville has been suspended for several months on account of litigation over the building contract of the new church which was erected here two years ago. This church is yet indebted to the building in a large sum due to the failure of payment of certain sums of money subscribed. Rev. M. C. Reynolds, who has been performing the duties of pastor of the church for several months, took a very hopeful view of the conditions surrounding the church in his sermon Sunday evening, and said that his church was not a place for pessimists, and that as for his personal self, he could not be discouraged. He said that millions of souls had been saved through the work of the Methodist Church in the past, and that it would yet be instrumental in saving millions more, and that if it were not permitted to the faithful of Pikeville church to worship in the magnificent new building erected for the purpose, they would use a wood shed or any suitable place that came handy, and that they were not to be deprived of their religion or of communal worship by having their church temporarily taken away from them. There will always be a Methodist Church at Pikeville he said. He urged these reverses as a reason for a still greater devotion to the Methodist cause, and asked the prayerful help of every member in restoring the church to its former condition of popularity and religious usefulness.

C. C. Little, wife and infant son received the administration of the baptismal rite at this service, Rev. Mr. Reynolds officiating.

### OFFICER DISARMED; TOLD TO SCOOP.

An attempt made by deputy U. S. Marshal Matt Sanders to arrest Monday morning resulted in failure owing to superior number on the side of Wright, who is wanted on a white slave charge. Sanders went to Elkhorn City Monday after Wright armed with a capias following forfeiture of bond. He spent the night on guard near the Wright home, which is on a branch just below Elkhorn City, and entered the house Tuesday morning before Wright had awakened. At his command Wright got out of bed and submitted to arrest. But while he was making the arrest Sanders said three of Wright's sons came to their father's assistance with shooting irons and compelled him to release his prisoner. The Wright boys, according to Sanders then disarmed him and told him to beat it down the creek, which he did, of course there being nothing else to

do. Sanders then went to get a moon-shiner still which parties owning it had written him to come and get; but he says the Wrights followed him in a party to where the still was and entrenching themselves behind a barn made the unarmed officer leave the still untouched, threatening his life if he did not do so. Sanders took them at their word.

The officer is not in the least perturbed by the occurrence, and seems to be as well amused by the circumstance of the hold-up as if the joke had been at the expense of someone else. He says the Wrights sent his shooting irons to him after he left there.

### CIRCUIT COURT.

The September term of the Pike Circuit Court will be opened at Pikeville Monday morning, Sept. 13, with Judge J. M. Robinson on the bench. The term will continue for the usual six weeks, and may be lengthened by a term of two extra weeks. The court will have much to do at this time on both civil and criminal side. ### MORROW AND HAYES COMIN MONDAY.

Hon. Edwin P. Morrow, Republican candidate for Governor of Kentucky, will address the voters of Pike county on the issues of the campaign and his race for Governor at the Court house in Pikeville next Monday afternoon, Sept. 13th, and Hon. David Hayes of Whitesburg, Democratic nominee for Circuit Judge of this district, will also speak to the people at the court house on the issues involved in his race. Mr. Hayes is well known in Eastern Kentucky. He will be opposed on the Republican ticket by Hon. John F. Butler of Pikeville. Both candidates received the nomination of their respective parties without opposition. As both are gentlemen of high quality and public standing, Letcher and Pike counties are certain to have splendid Circuit Judge for ensuing term.

As Mr. Morrow is a political figure of no small prominence in Kentucky politics his speech will be a subject of unusual interest.

### FANNINS ENTERTAINED.

Rev. I. N. Fannin, formerly pastor of the M. E. Church, South, at Pikeville, and Mrs. Fannin, son and two daughters, were the guests of Dr. A. S. Reese to dinner given in their honor at the Pike Hotel last Sunday. The dinner was a farewell to the former pastor and his family on the completion of their fourth year of work in our city. Mr. Fannin left Monday for Clarksburg, West Va., where he is attending the Conference of his church and will return to Pikeville in about ten days to prepare to move to his new charge.

### GOOD INDICATIONS FOR ROAD MOVEMENT.

There is an infallible sign that the movement for better roads in Pike county is popular. This unmistakable sign is that it has knockers, which, fortunately, are few. The knocking spirit has developed against every move for civic improvement in the county's history, especially where the move has been successful. Its appearance now while the movement is young and well understood is regarded as a forerunner of its ultimate success. It now only requires the concurrence of all the people of the county with the authorities who strongly favor better roads, and highways will speedily be built that will pay for themselves by making transportations with wagons, etc., easier and consequently cheaper.

### CONSUL GENERAL GUDGER LECTURES HERE.

Judge H. A. Gudger of Asheville, N. C. who was formerly Consul General of Panama, has been the guest of Congressman John W. Langley and Mrs. Langley at Pikeville this week, and will tell of his experiences during seventeen years service on the Isthmus as associate Justice, Chief Justice and finally head of the consular department, in a lecture which he will deliver in the circuit court room this (Friday) evening. This lecture will be of very high educational value as viewed from the standpoint of history in our foreign possessions, and it will be free to all. A special invitation is extended to ladies and children to attend.

Judge Gudger jocularly tells of a crisis during his administration on the Isthmus which came near causing serious trouble. It occurred during his temporary absence a native of the zone who also occupied a high consular position, advised the Washington authorities that a revolution was in progress. The Washington authorities telegraphed Chief Consul Gudger to know if this was true. His son, who was temporarily left in charge of affairs, replied to the telegram that there was no revolution at that time, but that it would start at 8 o'clock that night. A revolution did develop and lasted about 20 minutes. Congress dropped its serious look after the investigation which followed.

### CROCODILES LOSE GAME TO DANTE.

The Crocodiles of Pikeville caught

defeat in their game bag when they played the well trained team at Dante, Va., last Sunday. With a thousand spectators present, many of whom were from Pikeville, the Crocodiles closed with the Dante boys during the noon hours, with Oppenheimer and Walker as batteries for the Pikeville team. The game was a hard contest and closed 3 to 1 in favor of the Virginia boys.

The Dante players are well trained and are paid a salary for knowing how to play ball. This is one of the advantages that towed the game into their harbor.

### METHODIST ELDER FORMERLY PASTOR HERE.

Rev. Wm. Davenport will be the new elder presiding over the Ashland district of the Methodist Church. He was pastor of the Pikeville church some years ago, and it is probable he may locate at Pikeville to superintend his work.

Rev. Vernon Grizzle, son of former pastor N. G. Grizzle of this church, had been assigned to the Heller and Elkhorn churches. He passed through Pikeville Wednesday on his way to his new charge.

Rev. M. C. Reynolds may again be pastor of the Pikeville church, through another pastor may be sent.

### PRESBYTERIANS TO HAVE RALLY DAY.

The Sunday School of the First Presbyterian church of Pikeville will celebrate Sunday, Oct. 3, as Rally Day. It will be the effort of the pastor and workers of the Sunday school to have two hundred members present on "200 Day" as it will be called.

### SHOOTING ON BEAVER.

Officer Sidney Tackett lost his arm in shooting scrape near Weeksbury in Floyd county last Saturday, and Sol Fleming was shot through both legs and is in a serious condition. It is said Fleming was trying to arrest Tackett, and the latter resisted as Fleming had no warrant authorizing arrest, and Tackett believed it a scheme on Fleming's part to "get even" on an old grudge. Tackett is in the most serious condition of the two, and little hope is held for his life.

### His last Sermon.

Rev. H. A. Spencer, who has been the pastor of the M. E. Church, South in this city will leave in a few days for Florida where he will make his future home. He has already been transferred by his conference and has been received by the conference of Florida, of the M. E. Church, south. He is making this change on account of his health. We regret to lose Rev. Spencer. The two years he has been in Paintsville he has accomplished much good for the church and in a religious way generally. We commend him and his most excellent family to the good people of Florida. He is a live wire in work and a preacher of ability.

### Hereford Preston Dead.

Hereford Preston, one of the oldest and most prominent citizens of the county died at his home near the mouth of Paint Creek Saturday night after a long illness. His death was no surprise to his family and friends as he had been in a serious condition for some time. Mr. Preston was related to a large family and was liked by all who knew him. His remains were laid to rest in the old family burying grounds. The sympathy of the entire community is extended to the bereaved family and relatives.—Paintsville Herald.

Next Sunday will be Uncle Doe Hager's last Sunday as Sunday School Superintendent. He has led this school for many years and his faithfulness and earnest work has been appreciated. Let everyone come to Sunday school next Sunday at 9:00 A. M. Let us have a large attendance and a great Sunday school.—Paintsville Herald.

G. B. Carter of the Sandy Valley Grocery Company, has been chosen Supt. of the M. E. Church, South Sunday School at Paintsville and will enter upon his duties Sunday. Mr. Carter is a Sunday school man and will add new features to the Sunday school.
